SUMMARY

Aspiring AI/ML Engineer and Computer Science (AI & ML) undergraduate at VIT Bhopal with experience in data analytics, machine learning, Python development, and interactive dashboard creation. Skilled in Python, SQL, Pandas, Streamlit, Scikit-Learn, and data visualization. Built multiple analytics and machine learning projects including deployed dashboards, predictive models, and fintech analytics solutions. Passionate about solving real-world problems using Artificial Intelligence and Data Science.

SKILLS

Programming

- Python
- SQL
- Javascript

Data Science & ML

- Pandas
- Numpy
- Scikit Learn
- EDA
- Feature Engineering
- Model Evaluation

Visualization

- Matplotlib
- Plotly
- Streamlit

Tools

Anushka Das

EXPERIENCE

May 2026 - Current

Intern

Bluestock Fintech | New Delhi, IN

- Working on fintech analytics projects involving Python, SQL, and financial datasets.
- Performing data cleaning, exploratory data analysis, and visualization for stock market and mutual fund data.
- Developing analytical solutions and dashboards to support business decision making

January 2024 - February 2024

Python Developer Intern

Octanet Services Pvt Ltd

- Automated data processing tasks for internal projects, improving data handling efficiency.
- Collaborated with team members to troubleshoot coding issues, enhancing overall project workflow.
- Designed user-friendly interfaces for web applications, improving user experience and accessibility.
- Conducted code reviews to uphold best practices and ensure quality standards.

January 2024 - February 2024

Web Developer Intern

Octanet Services Pvt Ltd

- Developed user-friendly web pages using HTML, CSS, and JavaScript to enhance user experience.
- Collaborated with designers to create responsive layouts and visuals that improved site accessibility.
- Troubleshot website issues and debugged code to ensure optimal functionality.
- Participated in daily stand-up meetings to review project progress.
- Supported team in executing content management system updates.

EDUCATION AND TRAINING

Expected in September 2026

Bachelor of Technology | Computer Science Engineering(AI And ML)

Vellore Institute of Technology, Bhopal, Madhya Pradesh, India

- Relevant Coursework and Training Programs: Adobe UI and UX (Graphic Design) Certification Program, Blockchain Fundamentals by IBM, Blockchain Developers by IBM
- Workshops and Seminars Attended: Computational Chemistry Symposium (2nd February 2023)
- Participated in the Computational Chemistry Symposium (2nd February 2023), Rajneeti Rangmanch by VITB MUN Club, TechAstra'23 by iOS Club

- Git
- Github
- Jupyter Notebook
- VS Code

PROJECTS

France Top 50 Playlist Analytics Dashboard

- Built an interactive Streamlit dashboard analyzing 27,000+ Spotify France Top 50 records.
- Performed content compliance, duration analysis, artist trend analysis, and rank-tier comparison.
- Deployed live dashboard using Streamlit Cloud.
- **Tech Stack:** Python, Pandas, Plotly, Streamlit

Fintech Mutual Fund Intelligence Platform

- Developed a data analytics platform for mutual fund performance, NAV trends, SIP inflows, and AUM analysis.
- Processed multiple financial datasets using Python and SQL.
- Generated business insights through interactive visualizations.
- **Tech Stack:** Python, SQL, Pandas

House Price Prediction

- Built Linear Regression and Random Forest models for house price prediction
- Evaluated model performance using R2 Score, MAE, and RSME.
- Applied feature engineering and preprocessing techniques

Coffee Sales Treand Analysis

- Performed exploratory data analysis on coffee sales transactions.
- Identified seasonal trends, customer purchasing patterns, and revenue insights.
- Created visualizations using Python and Matplotlib.

Leetcode Problem Solving Repository

- Solved algorithmic and SQL problems to strengthen data structures, algorithms, and database skills.
- Maintained solutions repository on GitHub.

CERTIFICATIONS & LICENSES

- Blockchain Developer - IBM Career Program - April 2025,
Blockchain Fundamentals - IBM Career Program - April 2025,
Adobe UI & UX(Graphic Design) Certification Program - April 2025
